# Ian Andreev

## EXPERIENCED FULL-STACK DEVELOPER

### PROFILE

High Speed, User-Friendly, 100% Complete Solutions! Customer satisfaction is my ultimate goal! I am a passionate and highly skilled Full-Stack Web Developer with expertise in building dynamic, responsive, and user-friendly web applications.

## WORK EXPERIENCE

### Senior Full-Stack Engineer

November 2023-September 2024, Dasera

- Refactored existing code using functional components and React Hooks, reducing bugs in the system by 25%.
- Built high performant functional web components with React.js, Redux and GraphQL, decreasing the website loading time by 30%.
- Infused CI/CD into development processes which led to 40% acceleration in release velocity.

### Full-Stack web Developer

December 2021-October 2023, Hybrid Media

- Developed and optimized scalable web application using Laravel and Vue.js
- Reviewed and refactored codebases for performance, leading to a 20% reduction in load times.
- Managed API integrations with third-party services such as Stripe and AWS.
- Collaborated with design teams to implement Figma mockups into responsive, user friendly interface.

### Frontend Developer

April 2019-November 2020, Dasera

- Set up Next.js projects, including configuring dependencies, project structure, and environment variables.
- Developed reusable and modular UI components using React.
- Implemented state management solutions like Redux and React Context API for managing application-wide state and data flow.
